REMARKS

Applicant has studied the Office Action dated January 27, 2005. Claims 1-7 are allowed. The title, abstract, specification, and the drawings have been herein amended. No new matter has been added with these amendments.

Priority Documents Received

Applicant acknowledges that the Examiner has received certified copies of the foreign priority documents under 35 U.S.C. § 119 (a)-(d).

The Title

The Examiner has objected to the title as being non-descriptive. The title has been amended to "MULTIPLE SYSTEM FOR INSPECTING THE OPERATION OF AN IGNITION SYSTEM IN VEHICLES" to further clarify the inventive concepts. It is respectfully submitted that the objection has been overcome.

The Abstract

The Examiner has objected to the length of the abstract exceeding 150 words. The abstract has been amended to less than 150 words. It is respectfully submitted that the objection has been overcome.

The Specification

The Examiner has objected to the Specification in paragraph [22] of page 8 that ignition coil and hall sensor have the same item number. The specification has been amended, in accordance with the Examiner's instructions, to correct for an inadvertent error replacing the Hall sensor number 10 with 16. It is respectfully submitted that the objection has been overcome.

The Drawings

The Examiner has objected to the drawings stating that the characters and numbers in the drawings are not legible. Replacement drawings have been submitted, in accordance with the Examiner's instructions, which have clarified the numbers and reference characters. It is respectfully submitted that the objection has been overcome.

Allowable Subject Matter

Claims 1-7 have been allowed.

CONCLUSION

In light of the above remarks, Applicant submits that the application and previously allowed claims 1-7 are in condition for allowance.

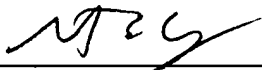

No amendment made was related to the statutory requirements of patentability unless expressly stated herein; and no amendment made was for the purpose of narrowing the scope of any claim, unless Applicant has argued herein that such amendment was made to distinguish over a particular reference or combination of references.

If for any reason the Examiner finds the application other than in condition for allowance, the Examiner is requested to call the undersigned attorney at telephone number (213) 623-2221 to discuss the steps necessary for placing the application in condition for allowance.

Respectfully submitted,

Lee, Hong, Degerman, Kang & Schmadeka
